

DRAFT MINUTES of the MEETING held on Monday 10th July 2017

at 7.30pm at St. Mary's Church, Woughton on the Green

Councillors present: C. Hall (Vice Chair, in the Chair), M. Blomley, R Brown, R. Kenyon, R. Grindley, and J Howson.
Ward Cllr Peter McDonald.

6 members of the public

Clerk: Julian Vischer

1. Parish Councillor Vacancy followed by Public Open Forum

- 1.1. The Notice of Vacancy** having duly expired with no calls for an election Cllr Blomley proposed that Mrs Vanessa Freeman Gwynn be co-opted. Seconded: Cllr Howson. Unanimous. Mrs Freeman Gwynn was duly co-opted and signed the Declaration of Acceptance.
- 1.2. Overstaying canal-boats** was brought up as an issue by a concerned resident Mr Banner who had witnessed canal boats regularly overrunning their allotted stay. Cllr Howson explained that the Canal and River Trust (CaRT) had to follow agreed procedure to force boaters to move on which took some weeks of warnings etc. Wily canal-boat owners knew the score. Furthermore the jurisdiction of the organisation only ran to the water itself and the towpath bank, not both banks. The issue here was that the boats were moored by the Interaction site and thus MK Council property (not under the control of CaRT).

2. Procedural

- 2.1. Apologies** – Cllrs Humphries and Nash. These were accepted.
- 2.2. Declarations of interest by councillors** - Cllr Hall regarding: the Heritage Group (Chair); the Patch Allotment Association (President); neighbour to planning item 5.4.1.
- 2.3. To agree both the Annual Meeting minutes and the Ordinary Meeting minutes of the May meeting** - These were duly accepted as a true and accurate record. Proposer Cllr Brown, Seconder Cllr Kenyon. Unanimous.
- 2.4. Matters arising from these Minutes not covered elsewhere on the agenda**

2.4.1. MKC Budget / Non-statutory Service Provision (update) –

2.4.1.1. In an email update on July 7th it was apparent that fact-finding continued but little of substance had been developed: Sarah Gonsalves, Acting Director of Policy, Insight and Communications, Milton Keynes Council (MKC) had circulated the update which confirmed discussions were ongoing and that more than half of the parish clerks had been interviewed. A draft framework was currently being developed to cover: “**Intro** – setting out why we are doing it and how we value our relationship with parishes and town councils, etc. **Options** – for parish and town council involvement, e.g. a) influencing, b) joint delivery / service enhancement, c) delegation of service delivery and d) transfer of service , etc. **Exclusions** – a list of services that are currently out of scope for parishes to do. **Processes** – how requests for parishes wanting to take on services / become more involved in services, will be dealt with. **Competency and standards. Monitoring. Various appendices with details of baseline services**”. These matters had all been aired at some length at the March conference.

2.4.1.2. The Clerk reported that he had indeed been interviewed on behalf of all five of the small parish councils he represented. Discussions had revolved around budgets and population, attitudes to devolvement and scope for services. The Clerk had made it clear that the small parish councils he represented would require considerable investment in administration and contractual services requiring unpopular sharp rises in precept. The interviewing officer accepted this.

2.4.1.3. A Briefing Note from the new Head of Waste and Environment Nick Hanlon issued on 8th July stated that MKC had ceased all in-season weed control (except notifiable weeds etc.). It seemed that MKC Cabinet councillors were pressing ahead cutting services regardless of the outcome of devolvement discussions and with scant regard to either the preservation of assets or the resulting chaotic and messy appearance of the environment. Cllr Howson confirmed that weeds in parts of Passmore had already reached crisis levels.

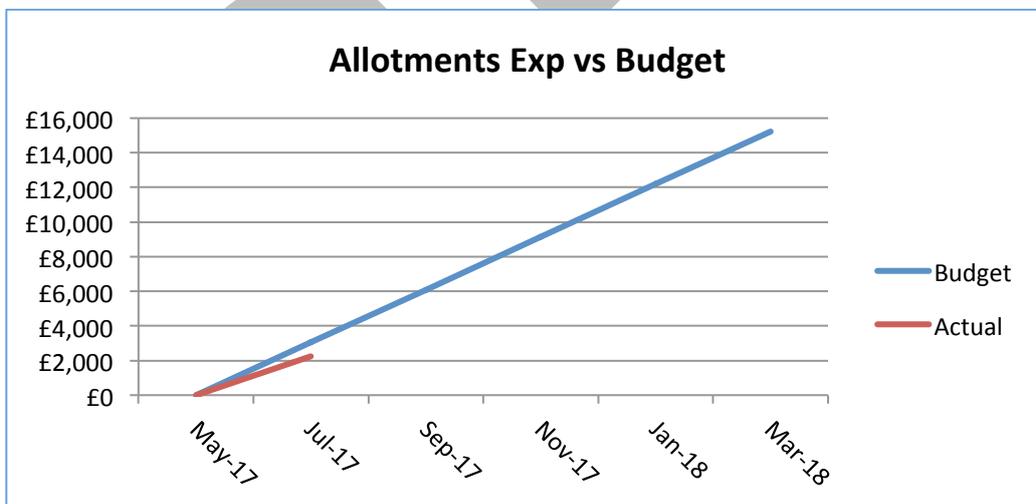

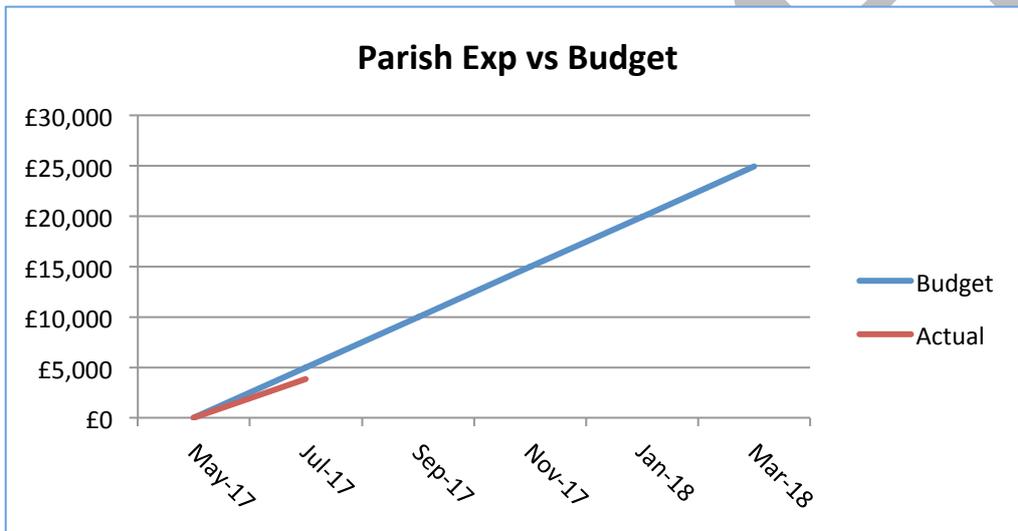

3. Finance

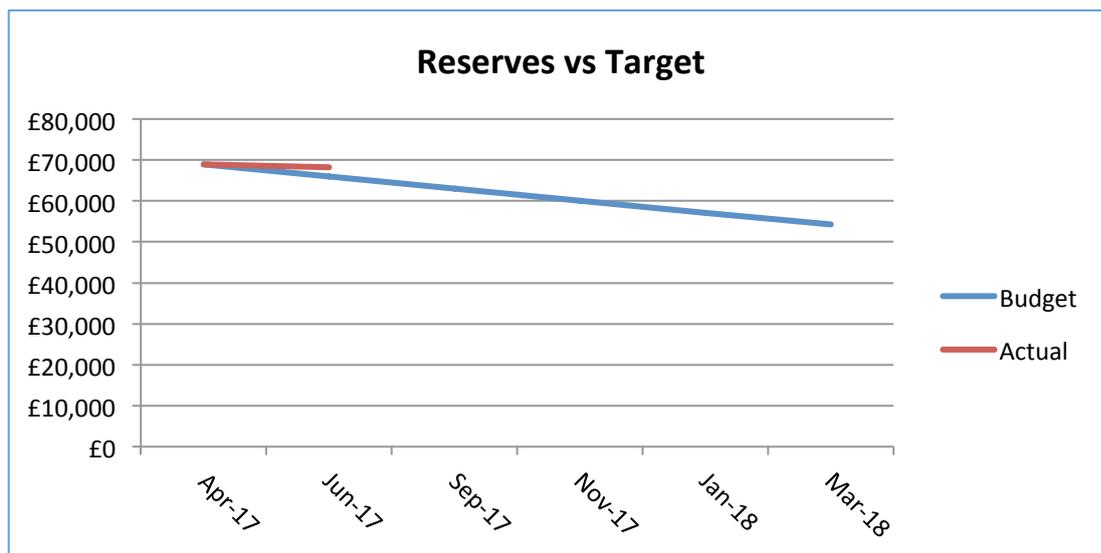

3.1. Balances and approval of the payments schedule – up to end June 2017:

Main account: £10,257; Allotments account: £7,693; Key deposits: £3,240; new fixed term savings account: £30,000; new instant access account: £20,000

The Clerk reported that Capital Projects spending figures had been incorporated into the budget summary and trend graphs.

The above payments and balances were approved. Proposer Cllr Hall, Seconder Cllr Kenyon. Unanimous.

3.2 Internal Audit Report

3.2.1 Rialtas software - The Clerk prefaced this item with a brief review of the new accounting software as it had run its first year. It had showed itself to be a vast improvement on the previous overly-complicated system. Recording and clearing receipts and payments was more accurate and they were easier to trace. There was a wide variety of cross-referenced detail. Preparing year-end figures and VAT totals was very much quicker.

3.2.2 Internal Audit – Again this year there had been no major issues of concern found. The Clerk had circulated a paper pointing out the repetition and inaccuracies in the Report with regard to minor issues several of which had been resolved last year. He suggested that councillors might wish to find a different, and less expensive internal auditor for next year. This was formally proposed and approved: Proposer Cllr Hall, Seconder Cllr Kenyon. Unanimous.

3.3 Parish Improvement Projects

- 3.3.1 White-Lining** – Implementation of the white-lining was still awaited. **Cllr Hall**
- 3.3.2 Gated Village Signage** – Cllr Hall reported that she had submitted a Parish Partnership Fund application for £5,000 via the Clerk.
- 3.3.3 CCTV** – Cllr Hall proposed that this item be moved up the order of priority on the Projects List given the thefts and horse vandalism in the village. She had been considering the possibilities in conjunction with Ward Cllr P McDonald. Costings were awaited. This was agreed. Cllr Howson added that consideration should be given to CCTV on Passmore as well given the suspicious activities in the area
- 3.3.4 Parish Gardeners Project** - Cllr Howson reported that the 'Parish Gardeners' continued to make good progress.
- 3.4 Bank signatories to be updated** – Cllr Hall to be added to the bank signatories and ex-councillor McDonald to be removed. Proposer Cllr Brown, Seconder Cllr Kenyon. Unanimous.

4. Allotments

- 4.1 Patch Report and Spending** – These had been circulated. The PAA had carried out its first plot inspections under the devolvement process, and they will from now on be responsible for showing prospective tenants around prospective plots. However OWPC will still send out the required warning letters. Occupancy remains high. The Open Day is scheduled for Saturday 15th July.
- 4.1.1. Historic unclaimed key deposits** - The Allotments team proposed transferring historic unclaimed key deposits, from many years previously, to the main allotments account to ensure accuracy in the current reflection of key deposits held. Many of these had been inherited from WCC days and the claimants unrecorded. The fund amounted to £830.00. Should any valid 'old' claims be made the Parish Council would honour them. This was agreed. Proposer Cllr Blomley, Seconder Cllr Howson. Unanimous.
- 4.1.2. Retail Till and pedestrian gate Noticeboard** – the PAA had requested funds to purchase a retail till for the shop and a noticeboard for the pedestrian gate on the west side of the site. This was being more frequently used than before. It was agreed to allow the granting of funds up to the value of £500 for the former and £700 for the latter out of the capital projects budget. Proposer Cllr Blomley, Seconder Cllr Howson. Unanimous.

5. Environment

- 5.1 Conservation Area Review** – Cllr Hall had met with MKC for a site visit. The process is being administered by an outside agent and essentially the review is being carried out again, despite the submission by the Parish in 2014. It is likely that there will be further consultation and that the process will not be completed until the autumn. The proposed boundary (as identified in 2014 and consulted on) was seen as acceptable and that there maybe indeed further areas added fulfilling the requirements of the Council.
- 5.2 Grand Union Canal update** – Cllr Howson reported another very successful workday had been held in June when two tons of hardcore were shifted and laid by 10 volunteers in less than an hour. A further workday was planned for 22nd July starting at Bridge 89 going north. Three tons of hardcore are to be delivered but

access is restricted. Clerk to liaise with Cllr Blomley and C&RT on this occasion. A further workday was planned for 26th August.

5..2.1 The canal adoption certificate had been received and framed.

5.3 **Environment Log** (incorporating Roads and Paths Program) – Cllr Hall reported that she had added the few remaining items from the Roads and Footpaths Programme to the Log. One new item to add regarding vans parking on the verges at Adams Court. Clerk to write to residents. There were now 28 ‘live’ issues. **CLK**
