

## BE PART OF **DOMINOES**

Created by Station House Opera  
for Milton Keynes

Saturday 16 July 2016, City Centre Locations  
Free for the public to watch

Thousands of specially made blocks will be used to create a moving domino-like sculpture that runs across the city, unfolding over the course of just one day.

*Dominoes* has been specially designed to respond to the Milton Keynes city-scape, with sculptural features, highlight performances or 'tricks' strategically placed along the route (covering approximately 2 kilometres).

Taking in shopping areas, leisure facilities, residential areas, restaurants, bars and boulevards the domino line threads its way through well-known, everyday and perhaps little-known parts of Milton Keynes.

*Dominoes* has huge appeal for all ages and will involve over 200 local participants, working with the Station House Opera team in the build-up to the event.

A specially commissioned film will capture *Dominoes* in Milton Keynes for posterity and sharing.
