

Coronavirus (Covid-19) Leaflet 2

Since our last leaflet on the Coronavirus much has changed. Therefore, we wished to provide a further update, especially to those who do not have access to the internet. Please remember if you have any issues that you would like help with, then please contact any of our Councillors. Contact details are overleaf.

A BIG thank you to those residents who have come forward to join the parish Central List of volunteers. Charlotte will be in contact with you individually, as residents come forward in your area seeking assistance. We are operating a 'buddy' system so that there is continuity and consistency to the support that we give. We continue to work within Government guidelines ensuring that we minimise any risk to both volunteer and resident.

If you have not already joined, you might like to sign up to the **OWPC Notification Service** by emailing the Comms. Team at communications@oldwoughton.org.uk giving us your contact details. This Leaflet and any future Covid-19 Leaflets will also be distributed via the **OWPC Notification Service** and published on the website and Facebook page.

Situation Update

We have received the following information in the past week that we wished to pass on.

- A number of **MK Council Services** have been reduced or suspended, in particular :-
 - Household waste sites are closed
 - The Civic offices are closed
 - Weekly Green waste collections will be suspended after this week. Any food waste that cannot be composted in the garden should go in the Black bags.
 - MK Libraries are closed
 - All play areas are closed
 - There are temporary changes to bus timetables (If you need specific timetable information we can print it off and deliver to you.)

If you are online up to date information can be found from the link in the table overleaf.

- **MK Hospital** is now no longer permitting visitors with a few exceptions, if online there is a link in the table overleaf.
- As it is not possible to remain 2m apart when passing someone else the **Canals & Rivers Trust** have recommended **not** using the canal towpaths (also protecting those that live on the canal)
- **Garages** remain open, but you may wish to use hand sanitiser before and after filling up. MOTs due on or after 30/03/20 will automatically be extended for 6 months.
- The **Patch Allotments** remain open, but there are very specific rules to follow to stay safe, which have been emailed to all tenants and are posted on the notice boards at the Patch.

If you are aware of anything we have missed and you think it would be useful to others, please contact us by telephone or at communications@oldwoughton.org.uk.

We are here to support our community through this difficult time.
