

Allotment report 8 March 2021

Occupancy

5 usable plots are available, however following NSALG advice allocation of plots to new tenants has been suspended.

Break-ins

There have been several break-ins including use of bolt cutters on the new fence – this has been repaired. Wilful damage to sheds and greenhouses has been sustained. Two young lads 12/15 were caught on camera at 11:30 p.m. three Fridays ago, but they were wearing hoodies and faces were covered up.

Plots

The allotments are starting to get busy following the welcome change in the weather.

Clear up

The PAA are about to seek volunteers to help clear the site of wind-blown rubbish.

Water

Mains water will be turned on during second week of March.
